

SUPPORT EXPANDED GAMING AND INTRODUCTION OF SPORTS WAGERING

Keep Revenues in Our State

OPPORTUNITY TO IMPROVE THE BUSINESS CLIMATE

Expanding gaming and sports wagering will create new jobs and grow our economy.

The tax dollars derived from these activities can improve our education system, build infrastructure that promotes economic growth, and ensure the long-term stability of the state budget.

APPROACH TO TACKLE THE ISSUE

Horse wagering is already legal in the state of Kentucky; Ohio and Indiana have legalized expanding gaming.

The business community and residents of NKY strongly support expanded gaming and the introduction of sports wagering across Kentucky.

WHY DOES IT MATTER TO MY BUSINESS

Kentucky residents are spending their money at Ohio and Indiana facilities - helping fund their taxes and programs, such as education and healthcare.

The creation of new and expanded facilities, like Turfway Park, to allow for expanding gaming would provide another tourism attraction for our region.

WHAT ARE WE ASKING AN ELECTED OFFICIAL TO DO

Support legislation to permit sports wagering in Kentucky and the expanded use of gaming across the Commonwealth.
